Absolutely. I think OGC has a narrative already going on this. Cc'ing Mindy here who might have a copy of that doc. May be good to send it around to the group as background for the discussion--do you agree?

Subject: Today's fracking call

Ann,

Could I have a couple of minutes on today's call to talk about use of statutory authorities to inspect and take actions on fracking sites where there may be a problem? I know this topic has been discussed many times, but we have been tasked to determine the authorities used in the major cases (Pavillion, Dimock, Range) for the AAs,RAs meeting with Bob Sussman on when the Agency should intervene. Thanks.

Richard H Robinson
